November 26-30, 2018

A unique opportunity to visit dairy farms in
Italy, France, Belgium and Ireland:

a farm tour like no other!

Meet with other European farmers to discuss, learn and share ideas about the opportunities and challenges facing modern dairy production.

See how new approaches and innovations are driving production efficiencies on a range of farms across Europe.

Enjoy a host of social, cultural and sightseeing delights along the way!

What attendees have said:

“This farm tour has opened my eyes on changes I need to make on my own farm”

“I really enjoyed the atmosphere, the organisation and the discovery... all has been perfect!”

“Very, very, very good. See you next year!”
