

Apprenticeship Levy Funds Available Now!

The Prince's Countryside Fund are supporting Morrisons, who have opened up apprenticeship transfer levy funds to support British farmers of the future. Whether or not your farm employer is a supplier of Morrisons, you are welcome to apply for the levy.

You could be eligible if you are:

- Over 19 years old
- Employed on a farm
- Enrolling in an apprenticeship or training programme at a local agricultural college

As part of the funds, if you work on a farm which supplies product to Wm Morrisons plc or its associated businesses, you have the opportunity

to join a variety of Morrisons bespoke programmes. These range from egg training schemes to supply chain projects, matching apprentices with local stores for business training, and individual mentoring support from Morrisons team members. Please note, these are available as bolt-on opportunities in addition to your primary apprenticeship/training course at college.

To apply for funding and register your interest in any of the Morrisons bespoke programmes (either as a farm employer or employee) please visit www.morrisons-farming.com/backing-british/skills-for-the-future/
