Advanced Dairy Management (ADM) provides a focused and comprehensive dairy training programme.

Module 1: Cow Nutrition, Diet Formulation and Margin Generation

Module 2: Fertility and Transition Cow Management

Module 3: Financial and Business Management

Module 4: Heifer Rearing, Mastitis and Lameness

Module 5: Forage Management and Utilisation

Enhance your dairy management skills

Whether you are already managing a dairy herd or would like to in the future, this course will provide you with the essential skills and knowledge to allow you to thrive within a modern and challenging dairy farming industry.

Through a mixture of classroom-based theory and on-farm demonstrations, ADM focuses on providing management tools and knowledge that can be utilised to achieve best practice.
